PART B – OTHER INFORMATION

1. Listing and Admission to trading

Application will be made for the Certificates to be admitted to trading on the Multilateral Trading Facility EuroTLX, (organised and managed by Borsa Italiana S.p.A).

2. Ratings

Ratings: The Securities have not been rated.

The long-term credit rating of the Issuer is A+ from S&P Global Ratings Europe Limited ("**Standard & Poor's**").

The long-term credit rating of the Guarantor is Aa3 from Moody's Investors Service Ltd ("**Moody's**") and A+ from Standard & Poor's.

As defined by Moody's, an "Aa" rating means that the obligations of the Issuer and the Guarantor under the Programme are judged to be upper-medium grade and are subject to low credit risk. Moody's appends numerical modifiers 1, 2, and 3 to each generic rating classification from Aaa through Caa. The modifier 3 indicates a ranking in the lower end of that generic rating category.

As defined by Standard & Poor's, an obligation rated "A" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the relevant Issuer and Guarantor's capacity to meet its financial commitment on the obligation is still strong. The addition of a plus (+) or minus (-) sign shows relative standing within the major rating category.

Standard & Poor's is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**"). Moody's is not established in the European Union and has not applied for registration under the CRA Regulation. The ratings issued by Moody's have been endorsed by Moody's France SAS in accordance with the CRA Regulation. Moody's France SAS is established in the European Union and registered under the CRA Regulation.

3. Interests of Natural and Legal Persons Involved in the Offer

Investors shall be aware of the fact that the distributor appointed for the placement of the Securities under these Final Terms, Banca Nazionale del Lavoro S.p.A. (the "Distributor"), belongs to the same Group as the Issuer, the BNP Paribas Group. In this respect, investors shall also be informed of the fact that the Distributor will receive from the Issuer placement fees implicit in the Issue Price of the Securities equal to a maximum amount of 1% (all tax included) of the issue amount. All placement fees will be paid out upfront. Moreover, investors shall be aware that implicit in the Issue Price of the Securities are costs for the Issuer, which include but are not limited to structuring costs, equal to an estimated amount of 2.45% of the issue amount.

Investors must also consider that such fees and costs are not included in the price of the Securities on the secondary market and, therefore, if the Securities are sold on the secondary market, fees and costs embedded in the Issue Price will be deducted from the sale price.

Save as discussed in the "*Potential Conflicts of Interest*" paragraph in the "*Risk Factors*" in the Base Prospectus, so far as the Issuer is aware, no person involved in the offer of the Securities has an interest material to the offer.

4. Reasons for the Offer, Estimated Net Proceeds and Total Expenses

- (a) Reasons for the offer: The Issuer intends to apply an amount equivalent to the net proceeds of the issue of the Securities to the financing and/or refinancing, in whole or in part, of Eligible Social Assets as defined below and further described in the BNP Paribas Social Bond Framework dated September 2022 available on <https://invest.bnpparibas/en/document/social-bond-framework-12->

[september-2022](#) as may be amended from time to time by the BNP Paribas or any of its affiliates (the “BNP Paribas Social Bond Framework”).

Pending the allocation or reallocation, as the case may be, of the net proceeds of the Securities to Eligible Social Assets, the Issuer will invest the balance of the net proceeds, at its own discretion, in cash and/or cash equivalent. BNP Paribas or any of its affiliates will use its best efforts to substitute any redeemed loans, any other form of financing that is no longer financed or refinanced by the net proceeds and/or any such loans or any other form of financing which cease to be Eligible Social Assets, as soon as practicable once an appropriate substitution option has been identified. BNP Paribas or any of its affiliates will monitor the use of the net proceeds of the Securities via its internal information systems.

For the avoidance of doubt, payment of principal and interest in respect of the Securities will be made from general funds of the Issuer and will not be directly or indirectly linked to the performance of Eligible Social Assets.

Eligible Social Assets means any existing, on-going and/or future loans or any other form of financing from Eligible Categories selected by the Issuer, which meet the Eligibility Criteria, all in accordance with the BNP Paribas Social Bond Framework.

Eligible Categories means the following categories (all as more fully described in the BNP Paribas Social Bond Framework):

- Access to Employment,
- Socioeconomic Advancement and Empowerment (equal opportunities),
- Access to Affordable Housing
- Access to Education,
- Access to Human and Social Care

For the avoidance of doubt, the following sectors are excluded from the BNP Paribas Social Bond Framework: defence and security, palm oil, wood pulp, nuclear power generation, coal-fired power generation, unconventional oil and gas, mining and tobacco.

Eligibility Criteria means the criteria with which any loan or any other form of financing should comply, at any time, in order to be considered as an Eligible Social Asset (as such criteria may be amended, from time to time, by the BNP Paribas, subject to external review by third parties, as the case may be, as per the BNP Paribas Social Bond Framework).

As long as any Securities are outstanding, BNP Paribas or any of its

affiliates is expected to provide a report, at least annually, on (i) the Eligible Social Assets financed or refinanced by the net proceeds and their relevant impact indicators, (ii) the allocation of the net proceeds of the Securities to Eligible Social Assets detailing the aggregate amount dedicated to each of the Eligible Categories and (iii) the balance of unallocated cash and/or cash equivalent still held by the Issuer, as further described in the BNP Paribas Social Bond Framework. The report will be published by BNP Paribas or any of its affiliates on <https://invest.bnpparibas/en/search/debt/documents/documentation-on-programs-and-issuances>

Pursuant to the BNP Paribas Social Bond Framework a second party opinion has been obtained from an appropriate second party opinion provider and the Issuer has mandated an appropriate external independent auditor to provide an assurance report. The opinion and assurance report are available on <https://invest.bnpparibas/en/document/social-bond-sustainalytics-second-party-opinion-12-september-2022> and <https://invest.bnpparibas/en/document/social-bond-ey-assurance-report-12-september-2022>

- (b) Estimated net proceeds: Up to EUR 25,000,000
- (c) Estimated total Estimated total expenses not available expenses:

5. Performance of Underlying/Formula/Other Variable and Other Information concerning the Underlying Reference

What are the key risks that are specific to the securities?

Most material risk factors specific to the securities

There are also risks associated with the Securities, including:

1. Risks related to the structure of the securities:

The return on the Securities depends on the performance of the Underlying Reference(s) and the capital protection applies only at Maturity.

2. Risks related to the underlying and its disruption and adjustments:

Index Securities are linked to the performance of an underlying index (an "Index"), which may reference various asset classes such as, equities, bonds, currency exchange rates or property price data, or could reference a mixture of asset classes. Investors in Index Securities face the risk of a broader set of circumstances that mean that the assets underlying the Index do not perform as expected compared to an investment in conventional debt securities. Accordingly, the return on an investment in Index Securities is more likely to be adversely affected than an investment in conventional debt securities.

Exposure to indices, adjustment events and market disruption or failure to open of an exchange may have an adverse effect on the value and liquidity of the Securities.

3. Risks related to the trading markets of the securities:

The trading price of the Securities may be affected by a number of factors including, but not limited to, the relevant price, value or level of the Underlying Reference(s), the time remaining until the scheduled redemption date of the Securities, the actual or implied volatility associated with the Underlying Reference(s) and the correlation risk of the relevant Underlying Reference(s). The possibility that the value and trading price of the Securities will fluctuate (either positively or negatively) depends on a number of factors, which investors should consider carefully before purchasing or selling Securities.

4. Legal risks:

The terms of the Securities will contain provisions for calling meetings of holders of such Securities to consider matters affecting their interests generally. These provisions permit defined majorities to bind all holders, including holders who did not attend and vote at the relevant meeting and holders who voted in a manner contrary to the majority.

Why is this prospectus being produced?

Use and estimated net amount of the proceeds

The Issuer intends to apply an amount equivalent to the net proceeds of the issue of the Securities to the financing and/or refinancing, in whole or in part, of Eligible Social Assets as defined below and further described in the BNP Paribas Social Bond Framework dated September 2022 available on <https://invest.bnpparibas/en/document/social-bond-framework-12-september-2022> as may be amended from time to time by the BNP Paribas or any of its affiliates (the "BNP Paribas Social Bond Framework").

Pending the allocation or reallocation, as the case may be, of the net proceeds of the Securities to Eligible Social Assets, the Issuer will invest the balance of the net proceeds, at its own discretion, in cash and/or cash equivalent. BNP Paribas or any of its affiliates will use its best efforts to substitute any redeemed loans, any other form of financing that is no longer financed or refinanced by the net proceeds and/or any such loans or any other form of financing which cease to be Eligible Social Assets, as soon as practicable once an appropriate substitution option has been identified. BNP Paribas or any of its affiliates will monitor the use of the net proceeds of the Securities via its internal information systems.

For the avoidance of doubt, payment of principal and interest in respect of the Securities will be made from general funds of the Issuer and will not be directly or indirectly linked to the performance of Eligible Social Assets.

Eligible Social Assets means any existing, on-going and/or future loans or any other form of financing from Eligible Categories selected by the Issuer, which meet the Eligibility Criteria, all in accordance with the BNP Paribas Social Bond Framework.

Eligible Categories means the following categories (all as more fully described in the BNP Paribas Social Bond Framework):

Eligibility Criteria means the criteria with which any loan or any other form of financing should comply, at any time, in order to be considered as an Eligible Social Asset (as such criteria may be amended, from time to time, by the BNP Paribas, subject to external review by third parties, as the case may be, as per the BNP Paribas Social Bond Framework).

As long as any Securities are outstanding, BNP Paribas or any of its affiliates is expected to provide a report, at least annually, on (i) the Eligible Social Assets financed or refinanced by the net proceeds and their relevant impact indicators, (ii) the allocation of the net proceeds of the Securities to Eligible Social Assets detailing the aggregate amount dedicated to each of the Eligible Categories and (iii) the balance of unallocated cash and/or cash equivalent still held by the Issuer, as further described in the BNP Paribas Social Bond Framework. The report will be published by BNP Paribas or any of its affiliates on <https://invest.bnpparibas/en/search/debt/documents/documentation-on-programs-and-issuances>

Pursuant to the BNP Paribas Social Bond Framework a second party opinion has been obtained from an appropriate second party opinion provider and the Issuer has mandated an appropriate external independent auditor to provide an assurance report. The opinion and assurance report are available on <https://invest.bnpparibas/en/document/social-bond-sustainability-second-party-opinion-12-september-2022> and <https://invest.bnpparibas/en/document/social-bond-ey-assurance-report-12-september-2022>

The Manager and its affiliates may also have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and the Guarantor and their respective affiliates in the ordinary course of business.

3. Il Gruppo BNPP potrebbe subire perdite importanti nelle sue attività di negoziazione e investimento a causa di oscillazioni e della volatilità di mercato.
4. Le rettifiche al valore contabile dei portafogli titoli e derivati del Gruppo BNPP e dell'indebitamento del Gruppo BNPP potrebbero avere un effetto negativo sul reddito netto e sul patrimonio netto.

Quali sono i principali rischi specifici dei titoli?

Fattori di rischio più significativi specifici dei titoli

Esistono anche rischi relativi ai Titoli, compresi:

1. Rischio relativo alla struttura dei Titoli:

Il rendimento dei Titoli dipende dall'andamento del/i Sottostante/i di Riferimento e la protezione del capitale si applica solamente alla Scadenza.

2. Rischio relativo al Sottostante e a eventi di turbativa e rettifica:

I Titoli legati a Indici sono collegati all'andamento di un indice sottostante (di seguito denominato un "Indice"), che può riferirsi a vari mercati di riferimento quali il mercato azionario, obbligazionario, dei tassi di cambio o del prezzo degli immobili, oppure possono riferirsi a una combinazione di mercati di riferimento. Gli investitori in Titoli legati a Indici affrontano il rischio di una serie più ampia di circostanze: le attività sottostanti all'Indice potrebbero quindi presentare un andamento diverso dal previsto rispetto a un investimento in titoli di debito convenzionali. Di conseguenza, è più probabile che il rendimento di un investimento in titoli indicizzati sia influenzato negativamente rispetto a un investimento in titoli di debito convenzionali.

Eventi di rettifica e di turbativa sul mercato o la mancata apertura del mercato di riferimento potrebbero avere un effetto negativo sul prezzo e la liquidità dei Titoli.

3. Rischi relativi ai mercati di negoziazione dei Titoli:

Il prezzo di negoziazione dei Titoli può essere influenzato da una serie di fattori tra cui, a titolo esemplificativo ma non esaustivo, il prezzo, il valore o il livello del/i Sottostante/i di Riferimento, il tempo rimanente fino alla data di liquidazione/rimborso dei Titoli, la volatilità implicita o realizzata associata al/i Sottostante/i di Riferimento e al rischio di correlazione del/i Sottostante/i di Riferimento. La possibilità che il prezzo di negoziazione dei Titoli fluttui (positivamente o negativamente) dipende da una serie di fattori che gli investitori dovranno considerare attentamente prima di acquistare o vendere i Titoli.

4. Rischi legali

Le condizioni dei Titoli contengono disposizioni per la convocazione di assemblee dei Portatori di tali Titoli per valutare questioni che riguardano i loro interessi. Tali disposizioni consentono a maggioranze predefinite di vincolare tutti i Portatori, inclusi i Portatori che non hanno partecipato o votato all'assemblea in questione e i Portatori che hanno votato in modo contrario rispetto alla maggioranza.

Perché è stato redatto il presente prospetto?

Utilizzo e l'importo stimato dei proventi netti

I proventi netti dell'emissione dei Titoli saranno allocati o riallocati di volta in volta al finanziamento e/o al rifinanziamento, in tutto o in parte, degli Eligible Social Assets, come sotto definiti e ulteriormente descritti nel documento "BNP Paribas Social Bond Framework" di settembre 2022 consultabile su <https://invest.bnpparibas/en/document/social-bond-framework-12-september-2022>, come di volta in volta modificato e aggiornato dall'Emittente (il "BNP Paribas Social Bond Framework").

Nelle more dell'allocazione o della riallocazione, a seconda del caso, dei proventi netti dei Titoli negli Eligible Social Assets, l'Emittente investirà il saldo dei ricavi netti, a propria discrezione, in contanti e/o in altri strumenti negoziabili liquidi. BNPP o le società da essa controllate si adopereranno al meglio per sostituire i crediti rimborsati, le altre forme di finanziamento non più finanziate o rifinanziate dai proventi netti e/o da tali finanziamenti o da altre forme di finanziamento che cessino di essere Eligible Social Assets, non appena possibile una volta che sia stata identificata un'adeguata opzione di sostituzione. BNPP o le società da essa controllate monitoreranno l'utilizzo dei proventi netti dei Titoli attraverso i propri sistemi informatici interni.

A fini di chiarezza, il pagamento del capitale e degli interessi derivanti dai Titoli avverrà utilizzando fondi generici dell'Emittente, non collegati né in modo diretto, né in modo indiretto alla performance degli Eligible Social Assets.

Eligible Social Assets indica qualsiasi credito esistente, in essere e/o futuro od ogni altra forma di finanziamento di Settori Ammissibili selezionati dall'Emittente, che soddisfi i Criteri di Ammissibilità ai sensi del BNP Paribas Social Bond Framework.

I Settori Ammissibili sono i seguenti (tutti descritti dettagliatamente nel BNP Paribas Social Bond Framework):

- Accesso all'Occupazione
- Progresso Socioeconomico ed Empowerment (pari opportunità)
- Accesso ad Alloggi a prezzi accessibili
- Accesso all'Educazione
- Accesso all'Assistenza alla Persona e Sociale

A scanso di dubbi, i seguenti settori sono invece esclusi dal BNP Paribas Social Bond Framework: difesa e sicurezza, olio di palma, pasta di legno, generazione di energia nucleare, generazione di energia a carbone, petrolio e gas non convenzionali, miniere e tabacco.

I Criteri di Ammissibilità sono i criteri che deve soddisfare qualsiasi credito o altra forma di finanziamento, in qualsiasi momento, per essere considerato un Eligible Social Asset. Detti criteri possono essere modificati, di volta in volta, dall'Emittente, ferma restando la revisione esterna di terzi parti, a seconda del caso, in conformità al BNP Paribas Social Bond Framework.

Fino alla scadenza dei Titoli, BNPP o le società da essa controllate sono tenute a fornire una relazione, con cadenza almeno annuale, (i) sugli Eligible Social Assets finanziati o rifinanziati dai proventi netti e sui relativi indicatori di impatto ambientale, (ii) sull'allocazione dei proventi netti dei Titoli negli Eligible Social Assets che dettagli l'ammontare complessivo dedicato a ogni Settore Ammissibile e (iii) sul saldo delle disponibilità liquide non allocate e/o degli altri strumenti negoziabili liquidi ancora detenuti dall'Emittente, come meglio descritto nel BNP Paribas Social Bond Framework. Tale relazione sarà pubblicata da BNPP o dalle società da essa controllate e sarà consultabile su <https://invest.bnpparibas/en/search/debt/documents/documentation-on-programs-and-issuances>

Ai sensi del BNP Paribas Social Bond Framework è stata ottenuta una Second party opinion da parte di un soggetto appropriato e l'Emittente ha incaricato un revisore esterno indipendente appropriato di fornire una relazione di conformità (assurance). La Second party opinion e la relazione di conformità sono disponibili rispettivamente su <https://invest.bnpparibas/en/document/social-bond-sustainability-second-party-opinion-12-september-2022> e <https://invest.bnpparibas/en/document/social-bond-ey-assurance-report-12-settembre-2022>

Ricavi netti stimati: fino a EUR 50.000.000.

Accordo di sottoscrizione

L'Offerente non assume alcun impegno di sottoscrizione.

Conflitti di interesse più rilevanti che riguardano l'offerta o l'ammissione alla negoziazione

Il Gestore (Manager) e le sue collegate possono inoltre avere intrapreso, e possono intraprendere in futuro, operazioni di investment banking e/o di commercial banking con, e possono prestare altri servizi per, l'Emittente e l'eventuale Garante e le società a esse collegate nel corso della normale attività.

Varie entità del Gruppo BNPP (tra cui l'Emittente e il Garante) e le società collegate svolgono diversi ruoli in relazione ai Titoli, tra cui Emittente dei Titoli e Agente per il Calcolo dei Titoli e possono anche svolgere attività di negoziazione (comprese le attività di copertura) relative al Sottostante e ad altri strumenti o prodotti derivati basati su o relativi al Sottostante che possono dar luogo a potenziali conflitti di interesse.

BNP Paribas Arbitrage SNC, che agisce in qualità di Gestore e Agente per il Calcolo, è un'Affiliata dell'Emittente e del Garante e possono esistere potenziali conflitti di interesse tra la stessa e i Portatori dei Titoli, anche in relazione ad alcune determinazioni e giudizi che l'Agente per il Calcolo deve effettuare. Gli interessi economici

dell'Emittente e di BNP Paribas Arbitrage SNC in qualità di Gestore e Agente per il Calcolo sono potenzialmente contrari agli interessi dei Portatori dei Titoli in qualità di investitori nei Titoli.
Fatto salvo quanto sopra menzionato, nessun soggetto coinvolto nell'emissione dei Titoli ha un interesse sostanziale nell'offerta, inclusi conflitti di interessi.
